FIFTY MEN ENTOMBED IN THE JOE LEITER MINE

AT ZIEGLER ILLINOIS, AS A RESULT OF AN EXPLOSION OF GAS.

Rescue Work is Slow—One Killed at Mouth of Shaft—Thirty Miners Probably Dead.

Benton, Ill., April 3.—Fifty miners were entombed today in the Joseph Leiter mine at Ziegler by a terrific explosion of gas and it is probable that thirty or more of the buried men are dead.

Thus far four bodies have been found.

The explosion is due to the fact that the Leiter mine was not worked Sunday, thus allowing the gas to accumulate in the lower workings.

After thirty-five or forty-five miners descended into the mine to resume work, a loud explosion blew the ground about the mouth of the mine high into the air.

One miner was killed and four severely injured at the mouth of the shaft.

The work of rescue was begun at once by the miners coming to work at the time. The main shaft is described so that the rescue work is to be carried on through the air shaft. This hindered the work of taking the entombed men to high air shaft. But when darkness fell tonight only three bodies and one injured miner were brought to the surface.

A committee of miners, including Danquh and other neighboring mining towns, headed by District President Morris, gathered at Ziegler soon after the explosion occurred and set forth all.

There was some controversy over the mine, which the accident occurred because of a strike of long duration and the many conflicts which occurred between the strikers and non-union miners.

Thirty-Four Dead.

Benton, Ill., April 3.—Up to ten o'clock tonight fifteen bodies were rescued from the Leiter mine. The bodies show no marks of injury indicating that death is due to asphyxiation.

Joseph Leiter is expected to reach Ziegler tonight.

The number of dead is estimated at thirty-four, wounded eight.

GREAT DEMOCRATIC LANDSLIDE SWEEPS OVER CITY OF CHICAGO

JUDGE DUNNE GIVEN GREATEST MAJORITY EVER KNOWN IN MUNICIPAL ELECTION IN THE CITY AND ONLY ONE REPUBLICAN IS ELECTED—CITY PLEDGED TO IMMEDIATE MUNICIPAL OWNERSHIP—ELECTIONS HELD ELSEWHERE.

Chicago, April 4.—A political tornado today overwhelmed the most regally unique leader of the century and fundamentally the Republican party met defeat in a memorable effort to capture the majority of Chicago.

As a direct result the city is officially committed to the quickest possible cessation of private franchises for public utilities. Municipal ownership is especially threatening the street car lines which are valued high up in the millions.

After winning successfully four of five precincts in the city of Chicago, the regular Republican party organization lost John Maynor, Harrison, and they all the Republican candidates for mayor. The defeat is attributed to extraordinary forces working with political revenge and taking a wide sweep. The victor, Judge Edward B. Dunne, is a Democrat. Seldom if ever has Chicago witnessed a more lively and picturesque contest.

Today particularly the city was infectious with the ringing of cow bells and the roar of cannon crackers. The Republican candidate suffered heavily from campaign attacks charging that he was a political assassin. Alleged unworthy leaders of his own party who thrust him from office and power largely through Harlan's negligence in previous campaigns were conspicuously absent from his support. Apprehension of the fear of domination by corporations would appear to sway the many voters and perhaps more than any other influence was incorrectly gauged by the Republicans.

Harlan has been savagely attacked during the campaign as a representative of Wall street interests intent on fastening the burdensome franchise brands on the city.

Darkies Support Dunne.

Calculations upon the colored vote was another source of error. In the Republican expectations. The intangible election was suddenly manifested today in districts where Afro-Americans are numerous. The most plausible explanation was that Dunne, from the bench in years past, had shown unexampled spirit, fair play towards colored men and women.

One of the amusing features of the campaign extending to center a good natured feeling in Dunne's behalf was his record as a father. He is the happy father of thirteen children. This phase of the campaign was attended by "Pop" Anson, who has almost equally as meritorious a record in family matters.

Diamond Hero Wins Again.

Anson, the old hero of baseball, was the Democratic candidate for city clerk. His popularity personally beyond doubt was a potent help to the Democrats.

The first returns from the election came from Harlan's home ward, adjacent to the aristocratic Lakeshore drive. The figures favored the Republican candidate, notwithstanding the ward is the residence of Mayor Carter Harrison, Democrat, who carried the ward in the last municipal election. Soon, however, the factory districts and other impretentious but populous sections began to be heard from. Dunne was quickly in the lead and never afterward overtaken.

The plurality for Dunne is estimated at between 22,000 and 25,000 votes over Harlan.

In the city election two years ago Harrison defeated Stewart, Republican, by 7,650 plurality. The city, however, was carried by the Republicans in the Presidential election last fall by a heavy plurality.

Harlan listened to the returns at Republican headquarters. As early as 7:30 o'clock he acknowledged defeat and left for home.

Judge Dunne said tonight, "Every pledge I have made during the campaign will be solemnly kept. If Chicago wants municipal ownership during my tenure of office it will be my aim to bring about such a condition as rapidly as possible."

Plurality Broke Record.

Dunne was elected by a plurality of 24,248 and received a majority of 945 of all votes cast. He also had the distinction of receiving the greatest vote ever cast in Chicago for a candidate for the office of mayor.

ST. LOUIS RESULT IN DOUBT BUT WELLS HAS LEAD.

With 100 Precincts to Come Democrat Has a Lead of 774 Votes.

St. Louis, April 4.—With 100 precincts missing out of a total of 145, Mayor Wells, Democratic nominee for re-election, is leading John A. Tully, Republican, by 774.

Returns for the 305 precincts gave Wells 7,719 and Tully, 2,945.

From the present indications it will be the most closely contested election in the history of the city.

BUT FEW MISSOURI TOWNS DREW PARTY DISTINCTIONS.

Democrats Showed Strength Where the Lines Were Broken and in Some Places Drawn Even.

Kansas City, April 4.—Elections were held in many cities and towns in Missouri. In most instances the parties on local party lines were not distinctly drawn. In Jefferson City Henry J. Mallon, Democrat, was elected mayor, and the entire Democratic ticket was elected reversing the result of two years ago.

Mexico was carried by the Democrats. Republicans and Democrats divided the offices in Nevada. West Plains went Democratic. At Joplin W. Lyons, Republican, was elected mayor and the other offices were divided about equally between Republicans and Democrats.

DEMOCRATS PILE UP BIG MAJORITIES IN KANSAS.

Kansas City Gives Democratic Candidate For Mayor 15,000 Plurality and Sweep the State.

Kansas City, Kan., April 4.—Elections were held in the larger cities in Kansas. The Democratic carried Kansas City, Topeka, and Leavenworth. The result is a reversal of entirely in looking for in each case. Topeka elected a Republican ticket. William W. Rose, Democrat, was elected mayor of Kansas City, Kansas, by 1,200 plurality. Henry Ross, Republican, was elected mayor of Wichita, entire Republican ticket.

Bryan's Town Split Ticket.

Lincoln, Neb., April 4.—Frank W. Brown, Democrat, was elected Mayor of Lincoln but the rest of the Republican city ticket was elected.

Negro Supporters Defeated.

Little Rock, Ark., April 4.—The negro question was the issue in the Guthrie city election. The citizens ticket headed by Dr. Duke for mayor pledged to restrict the political right of negroes was successful in defeating the Republican.

In Oklahoma City the Republicans defeated the Democrats now in power. Democratic city tickets were successful at south McAlester, Chickasha, Ardmore, Lawton, New Kirk, Ponca City and Shawnee.

Colorado is Democratic.

Denver, Col., April 4.—Municipal elections were held in all cities and towns in Colorado except Denver. At Golden and Central City the Republicans were victorious. At Colorado Springs Henry C. Hall, Democrat, was elected. The town is nominally Republican. At Leadville a majority of the offices went to the Democrats.

No Trouble in Arkansas.

Little Rock, Ark., April 4.—Municipal elections were held throughout Pine Bluff, Hot Springs, Fort Smith, and Helena, the Democratic tickets were elected without opposition for the most part. In many towns non-partisan tickets were elected, political lines not being drawn.

Local Issues in Texas.

Houston, Tex., April 4.—Municipal elections were held throughout the State by smaller cities. Only local issues were involved and generally the fight was along non-partisan lines.

High License in Nebraska.

Omaha, Neb., April 4.—City and village elections were held at all points in Nebraska with the exception of Omaha. The majority of smaller towns reporting early, elected city tickets favoring high license for liquor business. The interest generally was centered in the license issue and party lines were not drawn.

Benton, Ky., April 1.—Judge E. When the convention was called to order at 1 o'clock Judge E. Barry was named for permanent chairman, and the name of Judge Barry was presented for nomination by Henry Holcomb, and A. E. JAPAN WILL ASK FOR \$800,000,000 INDEMNITY.

Paris, April 1.—Japan, in a Russian know, it is asserted in well informed quarters here, that her peace conditions will be harsh and that the recent sentimental appeal to her magnanimity will not move her.

In the first place Japan demands \$800,000,000 indemnity, to reimburse her for what the war has cost.

The demand for such a stupendous sum has so staggered Russia that the peace preliminaries have come to a halt.

The Echo de Paris report that the United States is about to make a coup de theatre by indulging about peace is not credited in high quarters as letters just received from Ambassador McCormick say Russia has made no advance through him, and his departure from St. Petersburg is regarded as indicating that there is no immediate prospect of the United States playing a decisive role.

FRIENDLY LETTERS

Morgantown, Ky., March 28, 1905.
Mr. S. M. Jenkins,

Marion, Ky.

Dear Sir:

Please find me on Monday, April 10, (County Court day) to buy 12 and 3 year old mules. Just tell me and put in notices as you have before.

Very truly,

R. M. VOLING

Paducah, Ky., March 24, 1905.
Mr. Marshall Jenkins,

Dear Sir:

Enclosed are two \$100.00 checks from the Marion County Bank, which I wish to have cashed for you. I will be glad to see you at any time.

We are all getting well and happy. I am now in Florida. I have been a very happy man since I came to our dear old Press, which comes to our home every Saturday morning. It makes us feel like we have been home when we read it.

We could not get along without it. The weather is fine, just like June at home.

Wishing you all the success possible and trusting you will publish my clipping, I am,

Very respectfully,

VENGAESTA UTLEY

The Dade City hotel under the management of Mills and Luby is giving the utmost satisfaction. The hotel was built to comfortably accommodate a reasonable number of guests and not only in the public rooms, but each chamber is now a model in its way. A grand piazza extending around the main building affords a beautiful promenade. The interior finish of the hotel is natural yellow pine, hard oak finish and the trimmings are in the opening out of the office to the South is the main hall or lobby, also opens upon the piazza of the East. The hall of the hotel is light and airy. All of the fine rooms are well furnished and light and airy, and are very comfortable and convenient. Mr. Mills has been very successful in his management of the hotel, and the hotel is now a popular resort for tourists.

Dear Sir:

I am sorry to learn of your misfortune in the loss of your newspaper plant by fire and hope that you may soon recover from it. It just occurred to me that if your type is all destroyed, that you might help yourself a good deal by having your copy set up here. A young man has just gone into the business of printing and has done splendid work in this line and is very reasonable in his charges. His name is John Kleppatrick. His office is on Locust street, over that of the Keiser Printing company.

With best regards to yourself and wife, I am,

Very respectfully,

M. H. LOCKYER

Marion Electric Light Company,

Gentlemen:

We received your telegram ordering 1000 No. 1 and 1000 No. 2 W. P. wire at \$45 this morning. This was very short time to get it to the depot for 8:30 train. We succeeded, however, but did not have time to wrap the wire. Do not think it will damage in so short a distance by express.

We heard of the disastrous fire in your city and had you scheduled for a letter yesterday. Did not get to it, however, on account of other important business. Was very sorry to hear of the loss your city sustained and hope it did not materially damage your lines to any great extent.

Awaiting your further orders, we remain,

Very truly yours,

A. L. SWANSON

Dear Sir:

I wired you this morning after hearing of your loss by fire stating that if I could be of any assistance to you in helping to adjust the loss to wire me and that I would come.

I believe I could be of assistance to you, as I helped the "boys" on many times in just such cases as yours and would be glad if I could you. If you do not wire me today please do so tomorrow at Fordsville, Ky., where I go to sell an outfit tonight.

I am very sorry that you have been obliged to experience a loss of this nature, but hope that you had a good amount of insurance as that will be very consoling indeed. You have my sympathy, however.

Trusting I may hear from you, I am,

Yours truly,

T. P. BAYL
